1. Under **Control Panel**, Select **Customization**.

2. Select **Teaching Style** from the menu.

3. Locate the **Select Course Entry Point** option.
Selecting a Course Entry Point

Last updated: 8/31/2012

2. **Select Course Entry Point**

   Select the first area users see when entering the course from the drop-down list below.

   Entry Point  
   **Home Page**

4. Select the **Course Entry Point** of choice (this will be the first page students will view when they enter your course and is defaulted to the **Home Page**).

5. Select **Submit**.
